Subject: Tentative Approval to Commence Large Mining Operations, Geneva Rock Products, Inc., Center Creek Quarry Mine, M/051/0013, Wasatch County, Utah

Dear Mr. Sumsion:

The Division of Oil, Gas and Mining tentatively approves the Notice of Intention to Commence Large Mining Operations for the Center Creek mine. The notice of tentative approval will be published in the appropriate Salt Lake City and Wasatch County newspapers. The Division will also notify the Resource Development Coordinating Committee (RDCC) and the Wasatch County Planning Commission. If no substantive comments are received during the 30-day public comment period, the Division will then issue its final approval for this project. Changes to the Notice may be needed if substantive comments are received.

Prior to issuing final approval, we require that you provide us with:

1. Two copies of the complete and corrected plan. When final approval is issued, one copy will be stamped "approved" and returned to you for your records;
2. A Reclamation Contract (Form MR-RC) and reclamation surety in the amount of \$416,000 (copy of cost estimate attached). Please contact Penny Berry at 801-538-5291 or by e mail at bondcoordinator@utah.gov to obtain the appropriate bond and reclamation contract forms.
3. If available, an electronic copy of the mine disturbed area in the original Autocad, shape, or other file format. Please include the projection and datum information with this file. Contact danielsmith@utah.gov, (801) 538-5292 for further information or questions.

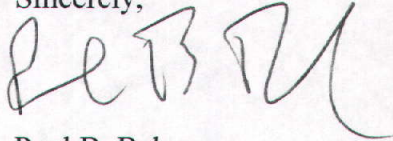

The Division is currently holding a reclamation surety in the amount of \$114,900.00 which was posted by Property Reserve. This surety should be replaced with one posted by the operator listed in the Notice of Intention, Geneva Rock Products.

MINING AND RECLAMATION PLAN	:	DECISION TO APPROVE
FOR GENEVA ROCK PRODUCTS,		
CENTER CREEK MINE,		
WASATCH COUNTY, UTAH	:	NO. M/051/0013

---ooOoo---

Notice is hereby given by the Division of Oil, Gas and Mining of its tentative decision to approve the Large Mining Operations Notice of Intention for Geneva Rock Products, Center Creek Mine. Mining activities will affect portions of the following areas: Sections 24 and 25, Township 4 South, Range 5 East; and Sections 19 and 30, Township 4 South, Range 6 East, SLBM Wasatch County, Utah.

Reclamation surety will be provided to the Division for the proposed project disturbance. The operator will employ the following mining and reclamation techniques on approximately 64 acres of private land.

During Operations: Following topsoil salvage, rock will be drilled, blasted and removed in lifts about 50 feet deep. The material is removed to a processing area where it is crushed and screened. The operator will use various means to control fugitive dust and will obtain required permits from the Division of Air Quality. Appropriate gates and warning signs will be located at public access points and other locations. Deleterious or potentially deleterious materials will be kept in designated storage areas.

After Operations: When mining is complete, the site will be returned to a grazing and wildlife habitat postmining land use by removing all facilities, regrading remaining stockpiles across the pit floor, ripping the floor, distributing soil, and seeding.

Any person or agency aggrieved by this tentative decision to issue approval is hereby requested to submit written protest within thirty (30) days of the date of publication to Dana Dean, P.E., Associate Director of Mining, Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake City, Utah 84114-5801, setting forth factual reasons for the complaint and if a hearing is desired. If no responsive written protests are received by the Division within 30 days after the last date of publication, the tentative decision of the Division will be final.
